

## **RUSH HOUR**

### **Phase 2 (Online video submission)**

1. The video should include the following:
  - Team Description (Team's Name with all the member names)
  - Construction model of robot (Specifying the instruments used in bots, which should be according to the specifications mentioned in the website)
2. While explaining the specific parts of the bot it would be better if subtitles are provided (backup for audio data malfunctioning or if it's not working properly). But it is optional.
3. The video recorded length should be less than 4 minutes.
  - The video format should be in .mp4
  - Subtitles format should be in .srt
  - Audio should be decoded easily in any media players.
4. **Upload your video to the drive and send the link to [rushhour@pragyan.org](mailto:rushhour@pragyan.org) on or before 25<sup>th</sup> February 2017.**
